

PR998 Touch Gloves Powered By HeiQ Viroblock

Description

Work with confidence with these special microbe resistant gloves. HeiQ Viroblock technology has been applied to the outer surface of the gloves to safeguard them from contamination by bacteria, germs and microbes. Designed to work with touchscreen technology, you'll find a conductive imprint on the thumb and index finger so you can use tablets devices without having to remove the gloves. A soft and comfortable glove available four sizes that will retain its antimicrobial properties for up to thirty washes at 40C

Product Features:

- Powered by HeiQ Viroblock, an antimicrobial textile technology designed to kill microbes, germs and bacteria on the fabric surface.
- Tablet friendly gloves with a conductive imprint on thumb and index finger
- Soft and comfortable fit
